

The background features abstract, overlapping green geometric shapes in various shades of green, creating a modern and dynamic visual effect. The shapes are primarily located on the left and right sides of the slide, framing the central text.

Kuchuwa Community Project:

Indigenous youth responses to water
and waste management

Nicholas Halter

Zag Puas

Myjolyne Kim

Objectives

- ▶ Needs assessment and gap analysis
- ▶ Youth empowerment and building community capacity
- ▶ Design innovative adaptation strategies

Outcomes

- ▶ Documented water and waste priorities
- ▶ Developed youth workshop model and community action plans
- ▶ Encouraged youth leadership at a local level
- ▶ Strengthened MAFA network with European and Micronesian experts

Perspectives for the future

- ▶ Expansion and replication in other islands
- ▶ Leadership development
- ▶ Future collaborations

Thank you
